BASIC BELIEFS—It must be noted that Hubbard was a _____.

WHO IS GOD?

Scientology does not define God or Supreme Being,
but rejects the biblical description of God.

Everyone is a “thetan,” an immortal spirit with unlimited powers over its own universe.

Not all are aware of their power and need to be “_____”

WHO IS JESUS?

Jesus is rarely mentioned in Scientology.

Jesus was not the Creator, nor was he an “operating thetan” (having
achieved control over matter, energy, space, and time).

Jesus did not die for sins. Jesus was just barely a “_____”

WHO IS THE HOLY SPIRIT?

The Holy Spirit is not part of this belief

E-meter used in “auditing”

HOW TO BE SAVED

No sin or need to repent. Salvation is freedom _____reincarnatio

One must work with an “auditor” (using an E-meter) on his “engrams”(negative
experience units) to achieve the state of “clear.”

One then progresses up the “bridge to total freedom” to higher “_____.”
states and eventual control over matter, energy, space, and time (MEST).

Similar to Mormon pre-existence state—we were immortals (thetans) who got bored and
so we created the universe (through mental projections) and because we were spiritual
we had to build bodies to interact with our creation. Since then through so many
reincarnations and all the _____ we have accumulated we have forgotten

we are thetans and have to eliminate the negatives of our life to see clearly (clear state)

that we are thetans. There are ascending levels of _____.

An Operating Thetan is one who possesses complete spiritual ability, freedom, independence, and serenity,

having attained “full” awareness; and, who have the ability to project themselves out of their
bodies. Final thetan state is accomplished on a special _____.

WHAT HAPPENS AFTER DEATH?

Hell is a myth, and heaven is a “_____.”
